

# Create a Friendship Bond Angel

This room decoration – celebrating how close you and your Everyday Angel are – will be completely unique to the two of you!

## What you need:

- 2 large pieces of card
- Colouring pens and pencils
  - Glue
  - Scissors
  - Glitter
- Tissue paper
- Ribbon or string

## What to do:

1. On a piece of card, carefully trace round your RIGHT hand and your friend's LEFT hand (Tip: Keep your fingers close together when tracing, with thumbs touching in the middle.) These are your 'angel's wings'.

2. Then on another sheet of card, do the opposite, making another pair of 'wings' using your LEFT hand and your friend's RIGHT hand.

3. Take yourselves off to separate areas, so neither of you can see what you're doing next. Then – using colouring pens and pencils, plus glitter or stickers or whatever you like – decorate your friend's 'wings'. You can add words or phrases that remind you of all the great things about your friend. (Tip: the section with the thumbs together is Angel's face and body – you could always use an actual photo of your friend's face to add here!)

And the most important thing, don't show each other till they're finished!

4. Finally, make a neat hole in the Angel's head and add a piece of ribbon or string in a loop so you can hang your angel on a wall, from a shelf or perhaps right above your bed so she can watch over you.
