

Friendship Framed!

Find a photo of you and your everyday angel and then create a handmade, heartfelt frame to put it in.

What you need:

- 2 pieces of thick card
- Colouring pens and pencils
 - Glue
 - Scissors
 - Glitter
- A photo of you with your everyday angel

What to do:

1. Cut out the frame shape from a piece of thick card. Use the template provided on page 2 as a guide.
2. Carefully cut out a smaller rectangle, slightly smaller than your photograph, from the centre of the frame. You will stick your photo behind this space later.
3. Get your designer head on! Decorate with colouring pencils, pens or paint. You could use your angel's favourite colour, wrap ribbons around the frame or add extra sparkle with some glitter, stickers, buttons or beads.
4. Cut out the silhouettes of the angels from this activity sheet and glue onto the edges of the frame.
5. To finish add the photo of you and your angel in the middle of the frame and glue another card rectangle onto the back to keep it in place.

Your photo frame is ready. Present it to your angel with a little note to thank them for being so awesome!

Templates:

Cut out the frame shape from a piece of thick card.

Cut out the silhouettes of the angels from this activity sheet and glue onto the edges of the frame.
